

Spatial Econometrics

Special Session at the INFER Annual Conference
Universitat Rovira i Virgili, Reus (Catalonia, Spain) • June 8th – 10th 2016

CALL FOR PAPERS

We invite you to submit full papers for the INFER Annual Conference, to be held in Reus (Catalonia, Spain) from June 8th to June 10th, 2016. In particular, this call is for a Special Session on *Spatial Econometrics*. Topics of interest include (but are not limited to):

- Specification, estimation and testing of spatial (panel data) models.
- Spatial matrices.
- Testing procedures for georeferenced data.

Paper Submission Procedure

Papers should be submitted to the local organizers of the INFER Conference at infer2016@urv.cat by February 29th 2016. Please indicate in the topic that your submission is for the “Special Session on Spatial Econometrics”. Authors are allowed to submit only one paper to this special session. All submitted papers will be peer reviewed. Authors will be notified whether their paper is accepted for presentation at the special session no later than March 14th, 2016. Special session presenters are expected to discuss another paper presented in the session. The discussant assignments will be made by the conference organizers at a later date.

Papers must be in English and include a cover page with the following information:

- Authors’ full name and affiliation.
- Contact details for the corresponding author (address, phone and e-mail).
- An abstract of up to 500 words, with JEL classification codes and no more than 5 keywords.

Important dates

- Deadline for paper submissions: February 29th
- Deadline for notification of paper acceptance: March 14th
- Deadline for early registration and payment: May 2nd

Special Session Organisers
